### PRODUCT WARRANTY

\*T&C:

25 Year Warranty Clauses: Cedar Decor Pvt Ltd. Warrants that its Products are free from Manufacturing defects & that they are fit and suitable for liner applications Only. Product Warranty is only applicable for application of liner sheets on the inner side of the furniture. The warranty will not be considered for application of liner sheets on the outer side of furniture. Corner cracking & Air Bubble issues are not related to manufacturing but directly related to the application. Such types of complaints are not covered under the warranty. The Period of 25 years will be calculated from the date of sale of the laminates to the end consumer. Purchase invoice of the sheets is required for warranty. Without proof of purchase, no quality or warranty claims will be entertained. Our Liability will be limited to the extent of the cost of the Product Only.

Product Standard : Comprising to

- British European Standard : BS EN 438
- American NEMA LD 3,
- BIS (Bureau of Indian Standard ) IS:2046
- BIS (Bureau of Indian Standard ) IS:2036 Grade P1 Phenolic/Electronic Insulation.
- ISO 4586.

### PRODUCT CARE AND MAINTENANCE

For cleaning the surface of the laminates, use dry cloth to wipe the stains. If needed can use ordinary liquid detergent ( non-acidic) or ammoniated liquid. After taking a trial on small portion. Stain remover or Industrial organic solvents can be used to remove stubborn stains in case if there is no problem. One should not use, wire or hard-plastic brushes, and abrasives to clean the surface.

The LUSTROUS Fancies and Wood collection are specially made laminates to give bright optical view. The properties of these laminates are very sensitiv and thus should be used only for vertical applications. While cleaning these laminates use only dry cloth or wet damp cloth in natural water only.

Since, conventional laminates are made for interior decorations, should not be used for external use where there are chances for direct exposure to sunlight or any other sort of direct heat.

It is always recommended to keep the substrate horizontal while pasting the laminates, Immediate removal of pressure and vertical application should not be practiced.

Samples pasted in the folder represents the finish & design and not the actual thickness.
